

Computing Leadership

Jeff Berliner, Chief Information Officer
609-951-4441 / jberliner@ias.edu

**Brian Epstein, Computing Manager,
Network and Security**
609-734-8179 / bepstein@ias.edu

**Kevin Kelly, Computer Manager,
Mathematics**
609-734-8331 / kck@ias.edu

Jonathan Peele, Computer Manager, ITG
609-734-8207 / jmpeele@ias.edu

**James Stephens, Computer Manager,
Natural Sciences**
609-734-8176 / jns@ias.edu

**Edna Wigderson, Computer Manager,
Databases and Integration**
609-734-8120 / edna@ias.edu

Dario Mastroianni, Sr. Media Technician
609-734-8037 / dariom@ias.edu

Jim DeBeer, Telecommunications Technician
609-734-8399 / jdebeer@ias.edu

**Maria Mercedes Tuya, Software Support
Specialist Digital Scholarship @IAS**
609-734-8257 / mtuya@ias.edu

Princeton, NJ 08540

WELCOME Computing

Welcome to IAS Computing

The staff of IAS Computing welcomes you to the Institute and looks forward to supporting you and your family's technology needs while on our campus.

Full information about the services we provide is available on our website:
<https://www.ias.edu/campus/computing>

Getting Help

For assistance with any IT-related questions or problems, please contact IAS Computing as follows:

School of Historical Studies
askitg@ias.edu / 609-734-8044

School of Mathematics
help@math.ias.edu / 609-734-8012

School of Natural Sciences
help@sns.ias.edu / 609-734-8030

School of Social Science
askitg@ias.edu / 609-734-8044

**IAS Computing staff
will NEVER
ask you for your password**

Front images: Top: Willis H. Ware was the fourth engineer hired to work on the Institute's Electronic Computer Project (ECP). His contributions helped create the working architecture of the modern digital computer. Bottom: View of IAS Computing's main Data Center.

Wireless Networks

IAS Computing provides two wireless networks across the campus for your use. These are:

- **eduroam**

This secure, authenticated network is recommended for Faculty, Members, Staff and Family members who have IAS-provided login credentials. It provides access to extended electronic resources not available from our guest networks. The eduroam network is also available to anyone whose member institution is part of the eduroam consortium. eduroam membership also allows our affiliates to utilize wireless access at other eduroam campuses. For connectivity instruction, please visit:
<https://www.ias.edu/wireless>

- **IAS**

This is an open, non-encrypted network available for Internet access and some limited IAS resources.

In addition to full wireless coverage, offices and apartments are also equipped with wired Ethernet jacks for your convenience.

IT Services

For a complete list of the IT services available to you, please see <https://www.ias.edu/computing/services>

Information Security

IAS Computing is committed to providing a safe and secure environment for your research. For more information on these efforts, including access to free software to protect your devices, and the schedule of our training sessions, please visit: <https://security.ias.edu>

IT Training

IAS Computing sponsors an engaging curriculum of IT training sessions throughout the academic year, as well as several self-paced courses. For a complete list of opportunities, please visit:
<https://www.ias.edu/campus/training>

Media Technology Services

The Media Technology Services staff provide for all of your audio/visual-related needs. See more information on their services at:
<https://www.ias.edu/computing/av-services>
