

Instructions for cat.eduroam.org on Android

Use these instructions to install the IAS profile for eduroam if your location is turned off or if you are having trouble connecting to eduroam through the app.

Click on this link: cat.eduroam.org. It should bring you to a page where you can install a configuration tool for the IAS. Click “Android 8 to 10.”

The screenshot shows the eduroam Configuration Assistant Tool interface. At the top, there is a dark blue header with the eduroam logo on the left and a hamburger menu icon on the right. Below the header, the text "Configuration Assistant Tool" is displayed. The main content area has a dark blue background with the text "Institute for Advanced Study" and a link "select another" in yellow. Below this, there is a section titled "If you encounter problems, then you can obtain direct assistance from your organisation at:" followed by contact information: WWW: <http://www.ias.edu/campus/computing>, email: help@ias.edu, and tel: 609-734-8000. At the bottom, there is a timestamp: "This entry was last updated at: 2021-09-28 16:48:46".

[Choose another installer to download](#)

Make sure you have eduroam CAT installed on your device. Then click the “Continue” button on the pop-up.

A file should download. Open the downloaded file. This should bring you to the eduroam CAT app. Now follow the instructions for the app:
