

Return-to-Campus Guide

Meeting Rooms and Common Spaces

Welcome back!

As we start to reopen our academic campus there will be some necessary changes and modifications to all of our Meeting Rooms and Common Spaces.

- Physical distancing guidelines and protocols have been put in place
- Capacity of every meeting room and common space has been reduced in accordance with CDC and State of New Jersey guidelines
- Lectures, meetings and seminars will likely have to be relocated to larger rooms or be a combination of in-person and virtual attendance to accommodate everyone

What WE are doing:

- Lecture, meeting and seminar rooms have been modified to adhere to physical distancing requirements
- Spaces have been set up to maximize the occupancy and functionality of each room.
- Audio/visual capabilities have been established in each space with instructional guides for unassisted operation.
- Multi-use spaces will have guidance on availability/accessibility depending on other occupancy.
- Outdoor spaces have been created for collaborations and outdoor eating near Bloomberg Hall, Wolfensohn & Simonyi Halls, the SHS/SSS Library and in the Birch Garden
- Weather proof blackboards have been placed strategically on campus for outdoor use
- Collaboration circles have been created on the North Lawn with Adirondack chairs for small discussion groups

What YOU Must do When Campus Opens:

- Wear a mask per State guidelines
- Observe and abide by all occupancy restrictions posted at each room
- Maintain physical distancing – stay 6' or 2 meters apart
- Do NOT move any furniture from the locations that you originally found them in – all furniture has been spaced according to the current physical distancing guidelines
- Check the availability of a space with your administrative staff in your school before using an empty space
- Reserve a room in advance if a planned collaboration/seminar/lecture
- Do not meet in someone else's office without the occupant's permission (few member/staff offices are large enough to accommodate more than one person safely)
- Leverage outdoor meeting spaces or virtual meeting platforms
- Adhere to our “no handshake” policy

Frequently Asked Questions

What are the rules around the usage of restrooms?

Every restroom will be modified for proper physical distancing (i.e. physical barriers will be installed if appropriate). Maximum occupancy is posted on each restroom door (except if single occupancy) – generally determined by the number of sinks. Please do not enter a restroom if all sinks are in use, wait until someone exits before entering. Restrooms will be cleaned regularly in accordance with CDC and Department of Health Guidelines, using approved cleaning products.

How often will common spaces be cleaned?

We are taking every precaution to ensure our campus is safe. We are following federal health and safety guidelines as well as guidance from our state and local governments. We are implementing practices such as daily cleaning of common spaces, health screenings and physical distancing practices to keep our campus healthy.

Frequently Asked Questions Continued

What are the rules for using the Laundry Room?

Occupancy of the laundry room is limited – please follow guidelines posted on the door.

Cleaning products are available to wipe down the machines and control panels before and after each use

Please wait outside for your clothes to finish if possible to reduce the occupancy of the room

Is the gym available for use?

As of March 15, 2021, the gym is partially reopened. In order to comply with the current requirements from the CDC and state and local health authorities, the following rules are in effect until further notice.
