*The Syriac Orthodox in North  
America (1895-1995): A Short  
History*

## WHITE – LEVY ROOM

George Kiraz discusses his recently published book on the history of the Syriac Orthodox community in North America. In particular, he looks at the time between 1895, the year of the First Sayfo that triggered the first wave of immigration to North America, and 1995, marking the passing away of Metropolitan Mor Athanasius Yeshue Samuel. He was the first and only Archbishop of the Syriac Orthodox Archdiocese of the United States and Canada.
