

THE INSTITUTE FOR ADVANCED STUDY  
PRINCETON, NEW JERSEY

OFFICE OF THE DIRECTOR

20 July 1966

Rules Governing the Use of the Microfilms of  
Thesaurus Linguae Latinae Slips

The Bavarian Academy has agreed to the deposit of the microfilms at the Institute subject to certain conditions and with the understanding that certain regulations will be observed as follows:

1. The microfilms are meant to be used primarily by the permanent and annual members of the Institute. However, qualified scholars, for whom the Institute is prepared to accept responsibility, may be granted access to the microfilms when this appears possible and appropriate. Non-members must apply in writing to the responsible permanent member designated by the Director. Each such case will be considered separately.
2. The microfilms may be used only in designated rooms of the Institute and under supervision. A register of users and a record of the rolls used will be kept.
3. Copies or prints of the films will not be made.
4. The copyright of the materials in the microfilms remains the property of the Thesaurus Linguae Latinae.
5. The Thesaurus' materials may not be used for the preparation of Lexica, Indices, or articles of a lexicographical character. In any doubtful case, the permission of the International Commission must be secured in advance through the Thesaurus in Munich.
6. When the Thesaurus' materials are used, acknowledgment should be made in any publication that draws on them, and an off-print or copy should be sent to the Münchener Institut.

The Institute for Advanced Study has the obligation to enforce these conditions and regulations.

Agreed to for
